

# Via ferrata Tauernblick

## Character

Sunny, south-facing via ferrata in the immediate vicinity of the Schlossalmbahn mountain station. Easy walking passages alternate with steep wall steps and ridge passages. The key section is a slightly overhanging wall, but very well secured with many steps. Wonderful photo points with great views of the Hohe Tauern mountains.

## Equipment for via ferratas

Climbing harness, via ferrata protection and helmet are absolutely necessary! For beginners we recommend the attendance of a mountain guide!

## Scale of difficulty

A: easy | B: moderately difficult | C: difficult | D: very difficult | E: extremely difficult

## Attention

There is danger to life in via ferratas during thunderstorms! Be aware of rockfall due to antedates!

Mountain rescue emergency call: 140

Red Cross emergency call: 144

**Enter at your own risk!**
