

Via ferrata Weitmoser

Character

Interesting and varied via ferrata along short walls and easy passages along the ridge. Anyway you should bring some alpine experience. The further way leads along a narrow ridge and ends at the summit of Mauskar Spitze or on half way with a short descent to the via ferrata Mauskar Spitze.

Equipment for via ferratas

Climbing harness, via ferrata protection and helmet are absolutely necessary! For beginners we recommend the attendance of a mountain guide!

Scale of difficulty

A: easy | B: moderately difficult | C: difficult | D: very difficult | E: extremely difficult

Attention

There is danger to life in via ferratas during thunderstorms! Be aware of rockfall due to antedates!

Mountain rescue emergency call: 140

Red Cross emergency call: 144
