Ski swing Schlossalm - Angertal - Stubnerkogel

Schlossalm

Skiing beyond the horizon.

A varied selection of winter sports awaits you at the Schlossalm, up to 2,050 metres above sea level. Whether you are a beginner, returning to skiing after a break, or a leisure skier, the Schlossalm offers the perfect mountain experience for all abilities. Alongside wide pistes and long valley runs, you can also enjoy traditional Alpine huts and panoramic terraces. A lively activity and family programme – including a fun line, family park, and skimovie race tracs - make the Schlossalm a hotspot for families. Highlight: 'Die Nord', at approximately 10 km, is the longest descent in Salzburg. Even away from the slopes, the Schlossalm has plenty to offer, with numerous winter hiking trails. The winter hiking circuit, in particular, is a real hidden gem.

Angertal

Where little skiers can dream big.

Angertal offers not only perfect conditions for skiers and snowboarders, but is particularly well suited to beginners and families with children. With the XXL Gasti Park, one of the largest practice and winter sports areas in the Salzburg Alps, it is the ideal place for your first experiences in the snow. The gentle pistes and variety of child-friendly lift facilities make Angertal a key ski hub, located between the long valley descents of the Schlossalm and Stubnerkogel. Even for non-skiers, there are unforgettable winter experiences to enjoy.

Stubnerkogel

High up, into the joy of skiing.

Nature lovers and thrill-seekers will fall in love with Sportgastein, the highest ski area in Ski amadé at 2,650 metres above sea level. This unique high-altitude location offers a breathtaking panorama in the heart of the Hohe Tauern National Park. Until spring, you can enjoy this freeride paradise and seek out challenges beyond the prepared pistes. The perfectly groomed slopes also provide exceptional skiing fun well into the spring, guaranteed to get every skier's heart racing. Meanwhile, all eyes are drawn to the stunning mountain views from the sun terraces.

Ski swing Dorfgastein-Großarlal

Dorfgastein

Where the skiing experience begins.

The first ski area in the Gastein Valley is characterised by wide slopes and long runs. Your winter adventure in Dorfgastein begins either in the sunny Gastis Snow Park, with its platter lift and magic carpet, or by taking the Fulseck summit cable car up to over 2,000 metres. Set against the impressive panorama of the highest mountains of Austria, a network of easy and challenging slopes unfolds. Beginners quickly gain confidence on kilometres of blue runs.

Großarlal

Panorama, Action and Good Times.

Two valleys. One passion. That perfectly sums up the skiing experience in this ski area. A snow park and a fun slope attract young skiers in particular to the Großarl side of the mountain. State-of-the-art cable car systems bring guests back up to the top quickly and safely. Those who love to carve their turns freely on wide slopes will find everything they could wish for on the 70 kilometres of slopes in the Dorfgastein-Großarlal ski area. 17 ski huts cater to almost every culinary desire.
